

Wrap Smarter - Secure Greener - Deliver Better

Target

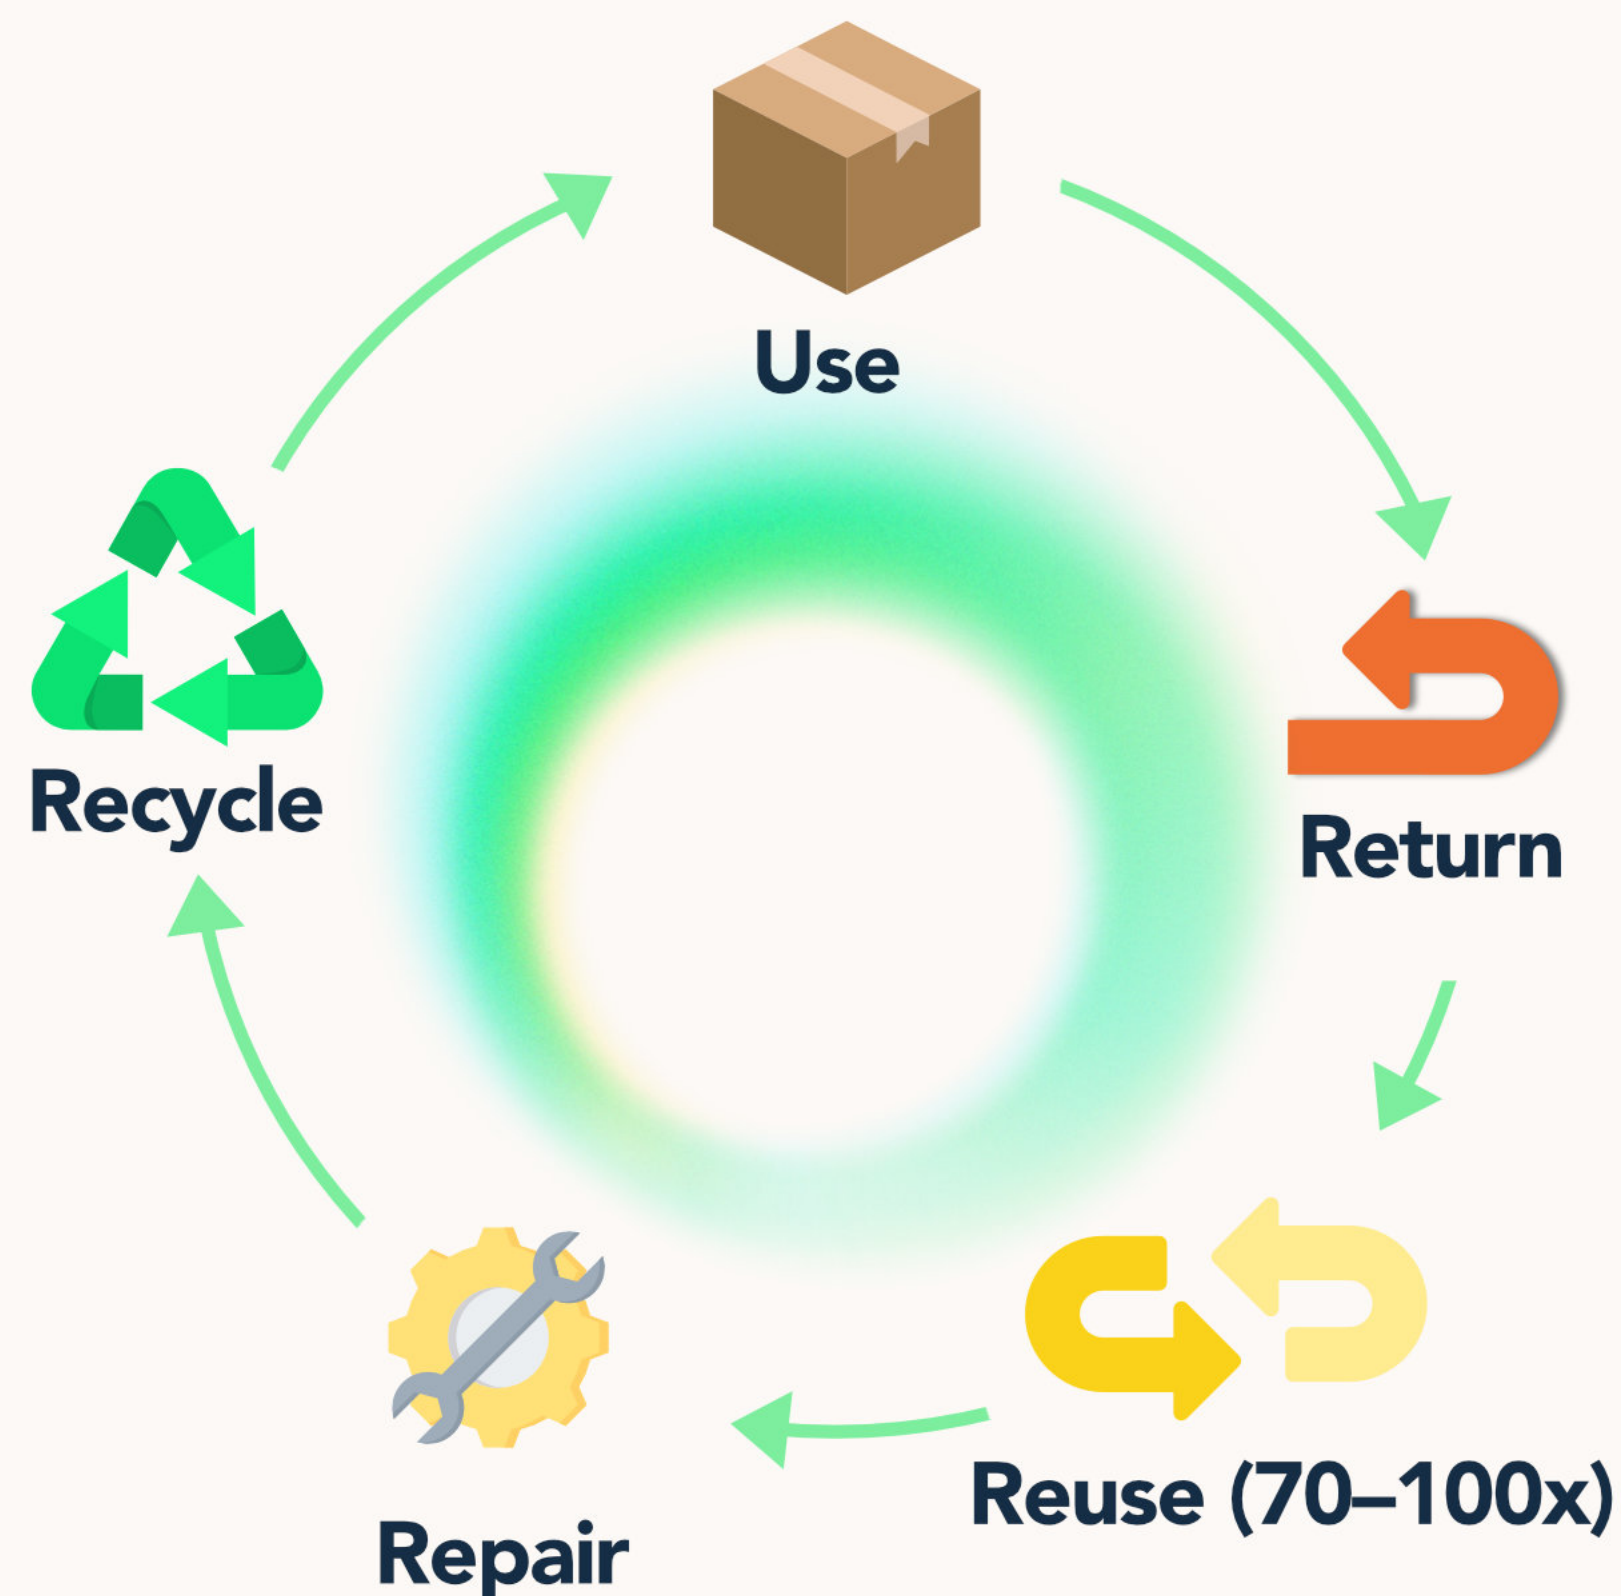

Logistics, manufacturing, warehousing, and 3PL providers

Market Size

EU pallet transport and storage - hundreds of millions of units annually

Impact

Eliminates tons of single-use waste, CO2/GHG reduction, boosts productivity, and supports ESG goals

A reusable, inflatable pallet cover system that replaces stretch-foil and shrink-foil. Reusable >100 times, faster to apply, and fully compliant with new EU regulations.

Inflates manually or via robot to apply

Vacuum-secures cargo in seconds

Adjustable tension lock double protection

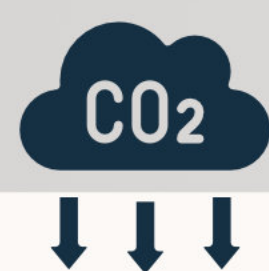

Built-in rain & dust protection

Reusable, recyclable, waste-free

CO2 reduction

Effortless reverse logistics

SMART integration optional

Team: Oana Vrabie, Simone Bianchi, Beda Lippuner, Elia Schmitt, Judith Fiedler, Nils Henssen
